

## Get contracts sent, signed and stored in seconds.

“I invite the Minister and his colleagues to review this innovative service that is catching the attention of governments and corporations across Canada and the US.”

- **Hansard, BC Legislature**

## *The only contracting system with two-factor authentication*

- Create or attach the contract, then send for signature all without software, paper or couriers.
- The Datawitness Contracting system is so unique that we decided to patent it!
- Signature collection is 100% automated and the contract status can be tracked anytime so you no longer have to wait for days or weeks to get deals done.
- Two-Factor Authentication provides a level of integrity beyond just an email address.
