

Online Archiving is not always about *the cloud*.

Sometimes archiving is as clear and simple as a blue sky.

Benefits

- **Reduce time spent** handling & managing paper
- **Reduce cost** of long-term storage
- **Save money** on printing, filing & supplies
- **Easy digital retrieval** anytime, anywhere
- **Off-site storage** protects against loss
- **Long-term storage** satisfies retention policies
- **Store** for compliance, legal & historical reasons
- **Guarantee Authenticity** with 3rd party witnessing
- **Provide best evidence** in disputes
- **Streamline records storage** through our API
- **Digital Fingerprint** for tracking/comparing
- **Audit Trail** to satisfy regulatory compliance

StoreIt™ is our leading service that allows you to archive your records using a patented technology that allows permanent digital storage.

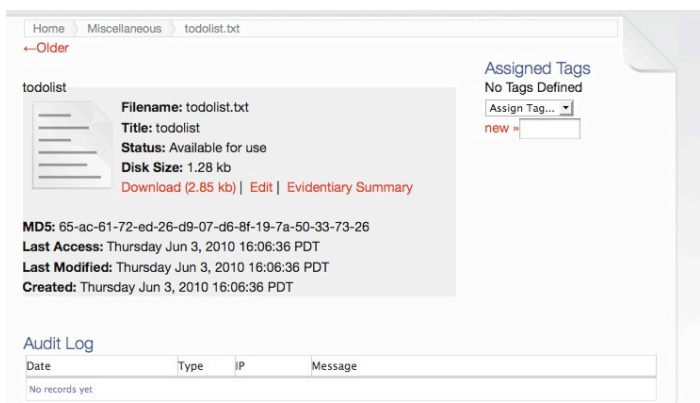

“Datawitness has been friendly, easy to use and manage. We have chosen to store all our future student transcripts on their StoreIt™ system”

- **Bruce Gordon, Academy of Learning**
